

NEW BADGE PRESENTATION

President Presentation Script - New Member, Card Caddy, Badge & Lapel Pin

"Will (new member name) please come forward." (The president stands to make this presentation). Shake hands before and after presentation!

"It gives me great pleasure to welcome you to LeTip of (Chapter name). As our newest member, you need to know how important you are and the value of your membership. I would like to present you with your name badge and lapel pin, which you are required to wear at each meeting so keep it in a safe place. If you appear without your lapel pin or badge there is a gentle reminder of \$1 for not wearing them. These symbols inform the entire chapter and guests as to who you are and what your category is.

I would also like to present you with your own card caddy. This becomes an extension of your right arm. Your caddy comes equipped with 10 brochures and were designed to be mailed out to prospects you would like to invite into this chapter to help you grow your business. Please keep a record of who they are mailed to and turn that into our membership chair for credit of doing so.

You are receiving a copy of the LeTip by-laws. Please refer to these to understand the organization and how it can best serve you. This is the structure and the guidelines for a successful tenure in LeTip. It is for members only and is protected by trademark rules. Please guard it carefully.

Lastly, your caddy, is designed for you to keep at fingertips, all the members business cards. When out and about, you will hear things that may trigger an opportunity for you to give business to another member. Please carry it with you and utilize it. Keep all current and active members in the front so you know who you are referring business to. Guests should be placed in the back and if joining should them be moved forward.

We look forward to working with you for a long time to come and again welcome you into our LeTip family!

(Applause by everyone!!)
