

SECRETARIES CORNER

APRIL 2026

LETIP INTERNATIONAL, INC.

Overview

What is “Secretaries Corner”?

Secretaries Corner is a support tool for chapter secretaries to share with you various topics to discuss within your weekly chapter meetings. Sometimes secretaries might be looking for new information to talk to their chapter about, and this is a great place to find new resources for weekly chapter discussions!

Week 2

Follow Your Dollar Worksheet

New in the LeTip Wired Document Library is the Follow Your Dollar Worksheet. This is a worksheet that we have conveniently placed in the document library for you to download, print, and use as a powerful tool for identifying your ideal Power Partners.

For each category listed, simply write in the name of the person or local business you currently use for that service. The one rule to keep in mind is no big box stores or national chains. This is about identifying the real, relationship-based businesses already in your world.

Once you fill it out, the worksheet makes it easy to spot which professional categories are missing from your chapter so you can be intentional about who you invite. The Action Plan section at the bottom asks you to name your top 3 missing categories,

one Power Partner you should invite, and one business you will commit to inviting within the next 30 days.

It is a simple exercise but the results can be eye-opening. Follow your dollar and you just might find your next great referral partner.

[Head on over to LeTip Wired](#) and click on the Documents Library to find this worksheet.
