

Top Tipper Badges

WHY RECOGNITION IS IMPORTANT

LeTip has found that chapter members express their appreciation more when they are recognized for their hard work and how valuable they are to the chapter. Top Tipper badge recognition encourages more member tipping and the competitive members like the challenge of being recognized for passing the most tips. It's a win for everyone, and puts more dollars in member's pockets. LeTip Wired recognizes our members and chapters tipping. Each month members can see their chapter's Top Tippers list under the "My Chapter" menu option which also shows how the chapter ranks in their area and overall across the country in tipping. Your chapter can recognize the Top Tipper with a year's set of badges available for purchase through www.letipwebstore.com for \$24 plus tax and postage.

Monthly Top Tipper Recognition

Top Tipper of the month badge is awarded to the chapter member who passes the most tips during the month. They must have past more than the monthly 4 tip minimum to be eligible.

The TipMaster keeps track of the monthly tips passed. If the chapter uses LeTip Wired to pass their tips, the TipMaster can quickly run a report to find out the monthly and yearly Top Tipper.

If the chapter has a tie one month, the TipMaster should contact LeTip so we can send them another Top Tipper badge for that month to present.

At the end of the month the TipMaster informs the President with the name of the Top Tipper winner. The President then has the Top Tipper come forward and presents the Top Tipper badge to the winner(s). The President leads the chapter membership and guests in a round of applause.

Top Tipper of the Year Recognition

The Top Tipper of the year badge is awarded to the chapter member who past the most tips during the year.

Using the monthly Tip Reports, the TipMaster at the end of the year determines who the Top Tipper of the Year is and informs the chapter President. If the chapter member's all pass their tips in LeTip Wired the TipMaster can quickly run a yearly tip report to find out the winner.

The Top Tipper of the Year badge should have a special presentation by the chapter President. This can be done at a chapter meeting or at the chapter's first quarter business mixer.

The President has the Top Tipper of the year come forward to make the presentation of the Top Tipper of the Year badge and leads the membership and guests in a round of applause.
