

Unknown Greeter, Lucky Devil & Poker Folder Holder Procedures

The LeTip Unknown Greeter:

The Unknown Greeter can be anyone, even a guest. During the meeting the Unknown Greeter will be asked to stand, look around the room and see if any member did not shake his/her hand and welcome them to our LeTip Chapter. This is our way of ensuring that everyone is greeted warmly and made welcome.

The Lucky Devil:

Members take turns being a Speaker. Before members arrive, the Vice President randomly hides the business card of last week's speaker under a chair, coffee cup, place mat etc.

The member who sits at the place with the hidden card, then reports on the Speaker's topic. This ensures that everyone pays attention to the Speaker's presentation. If the member was absent for the Speaker's presentation, then they do a commercial about that member. This is another way of getting to know one another so members can find qualified tips for each other.

The Poker Folder Holder:

Each week the Poker Folder Holder is passed around the room and stops at the member with a White or Green Badge. This member will be the Poker Folder Holder for one or two weeks and must bring a guest to a meeting or pay a \$10 fine. If a guest attends, then the chapter pays the Poker Folder Holder \$10 and the folder is then passed to another member. This is one way we encourage chapters to look for new members.
